

Reviewers for 2025

Ghana Med J 2026; 60(1): 1-2 doi: <http://dx.doi.org/10.4314/gmj.v60i1.1>

Reviewers of our journal's manuscripts contribute immensely to the quality and standards of the papers we publish. On behalf of the Editorial Board, we thank all the reviewers who generously contributed their time, expertise, and thoughtful critique to our peer review process when called upon in 2025.

Your commitment to rigorous evaluations and constructive feedback remains at the heart of how we ensure the

scientific integrity, quality, and credibility of the work we publish. We greatly appreciate your contribution to the advancement of scholarship and to the assistance authors receive in developing their works. We acknowledge your efforts, given the toll imposed on your busy schedules.

The Ghana Medical Journal is grateful to the following reviewers for their voluntary service in 2025.

Name	Country
