

## **CORRIGENDUM**

**TITLE:** OCCURRENCE AND PHENOTYPE ANTIMICROBIAL RESISTANCE OF *ESCHERICHIA COLI* AND *SALMONELLA ENTERICA* AS WELL AS COLIFORM LOAD RECOVERED FROM HEALTHY DOGS IN TAMALE METROPOLIS, GHANA.

**Published in:** Nigerian Veterinary Journal, Vol. 45, Issue 3, Year 2024

**DOI:** [<https://dx.doi.org/10.4314/nvj.v45i3.1>]

It has come to our attention that the **Discussion** section of the above-referenced article contained unrelated and incorrect content. This error originated during the article preparation stage and was unfortunately not identified prior to publication.

### **Nature of Correction:**

The original Discussion content was not related to the article's subject matter. This content has been removed and replaced with the correct version of the Discussion section that accurately reflects the study findings and conclusions.

The corrected article has been submitted to AJOL for update on the journal's online platform.

We sincerely regret the oversight and any inconvenience caused. This corrigendum serves to formally acknowledge and correct the error.

### **Editor-in-Chief:**

Prof. O. D. Eyarefe
