This article previously published in Volume 15 Issue 2 of this journal in February 2016 has been retracted in line with the guidelines from the Committee on Publication Ethics (COPE, http://publicationethics.org/resources/guidelines)

To the Editor

Following the publication of our research article (Inhibition of corneal neovascularization by hydrazinocurcumin. Trop J Pharm Res 2016; 15(2):349-354) in your journal (http://www.tjpr.org/home/abstract.php?id=381), some conflict of interest has arisen. We therefore decided to withdraw the research article.

Thanks in advance.

Sincerely,
Ying Zhang
